

RFP#: **20241115**

Topic: **Identity Access Management Solution**

The purpose of this RFP is to solicit proposals to find a FedRAMP Moderate Identity Lifecycle and Access management solution that can accommodate growth and efficiently manage access to our network and digital resources. The solution should enhance our capabilities for identity governance, role-based access control, identity lifecycle management, multi-factor authentication, single sign-on, and identity analytics.

If you are interested in receiving a Request for Proposal (RFP) for the following services, please contact Lisa Broadman ([lbroadman@hjff.org](mailto:lbroadman@hjff.org)) and Cheryl Zimmerman ([czimmerman@hjff.org](mailto:czimmerman@hjff.org)).
